## OCTAPAK

**SAVING MORE SPACE, REDUCING SHIPPING COST AND CARBON EMISSION !**

Our OCTAPAK solution for bulky goods offers extreme stability due to their honeycomb sheet structure designs.

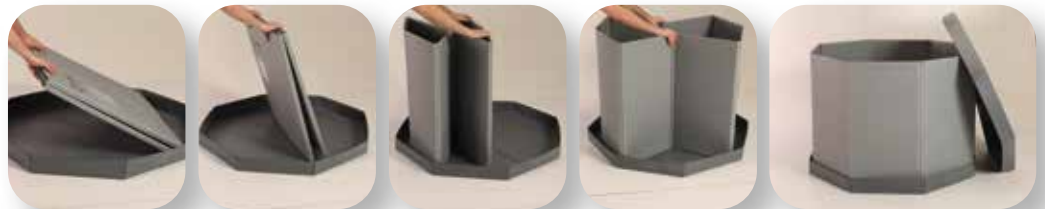

### Benefits:

- Packaging is supplied flat to save space, the individual elements can be assembled by hand with ease.
- Octapaks are stackable and can handle whatever your supply chain has to throw at them. For particularly heavy loads, stability can be optimised with additional internal walls.
- The packaging will be delivered saving space and costs.
- The individual elements can be easily set up manually.
- OCTAPAK is stackable and do anything necessary to keep your supply chain damage free.
- OCTAPAK are always suit all standard chemical pallet sizes and in any other size required to your needs.
- Environmentally friendly and 100% recyclable.

CARTON OCTABIN

OCTAPAK

PROPERTIES	CARTON OCTABIN	OCTAPAK
HIGH LOADING CAPACITY	X	XXX
RESISTANCE OF WATER AND CHEMICALS	Not Resistant	XXX
PROCESSING EASILY	X	XXX
CONTAINS PROHIBITED CHEMICALS AND METAL PARTS	XXX	Does not contain any prohibited material
CLEANING	X	XXXX
SERVICE LIFE	X	XXXX
COST	Short life and recycle is costly	Long-term savings because of it is reusable
RESISTANCE OF INSECTS AND RODENTS	Not Resistant	XXXX
PROJECT DEVELOPMENT	Fast and Cheap	Fast and Cheap
STRENGTH & POWER	Easily teared and punctured	Resistant against slight tear and puncture
COLOR	Only white and brown	In many requested colors and in special colors
RECYCLABILITY	Re-createable waste	Reusable and Recyclable

## PRODUCT

### HEXAPAK S1208L

Truck Load Full Hexapak 102\*  
Truck Load Empty Hexapak 510\*

- Container can be stored on high rack systems and is perfect for the return of inlays.
- Suitable for High rack storage.
- Lockable loading flap (with Velcro® and fleece).
- Transport safety device / locking mechanism.

- Ergonomic recessed grips (not available in all sizes).
- Folding sleeve made of HEXAPAN® structure.
- Easy handling due to low weight.
- Protection against moisture and dirt.
- UV-resistant and weatherproof.
- Long durability and service life.

### HEXAPAK S1210L

Truck Load Full Hexapak 78\*  
Truck Load Empty Hexapak 286\*

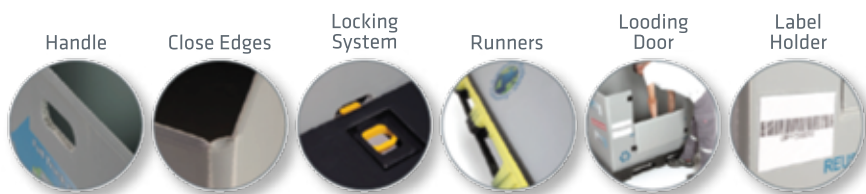

#### OPTIONS:

Variable height of sleeve (by request)

- UV-resistant.
- Lockable loading flap (with Velcro® and fleece).
- Versatile equipment possibilities.

#### ACCESSORIES:

#### HEXAPAK S1208L

#### HEXAPAK S1210L

External Dimensions	1200 x 800 x 900	1200 x 1000 x 900
Container Weight	23 kg	25 kg
Max Number of Container Per Stack	6	6
Static Loading Capacity	4000 kg	4000 kg
Dynamic Loading Capacity	2000 kg	2000 kg
Volume Reduction	1:5	1:4

*For Megatrailer with their dimensions of 13600 x 2400 x 2960*

		DESIGN	OPTIONS
PALLET	Material	Hpde	ESD
	Colour	Black	According to Customer Request
SLEEVE	Material	Hexapan Light 6.4pp80/10pp1.0	
	Colour	Grey	According to Customer Request
	Thickness	10 mm	
	Density	3000 gsm	According to Customer Request

## OTHER SOLUTIONS

**Many renowned automotive manufacturers rely on our expertise:**

We develop and produce modular packaging solutions exactly according to your requirement specifications.

**For liquid transport processes:**

If you want to send liquids, stay on the safe side with our liquid packaging solutions. Whether it is oil, water, adhesives or something else-everything will arrive to its destination perfectly.

**Hexapak represent their system with their own special separator and dividers.**

**Textiles, Foams trays and special design Hexapan Separators secure sensitive components during transportation and handling.**

**Front Loader, Top Loader or in planes components are volume, and handling-optimized**

**Foam solutions, whether component specific inner packaging for standardized load carriers or complete container solutions, Hexapak will have your strong partner.**

**Hexapan Structure, individual shelving solutions vertical-or horizontal component recording,**

**For all Solution Tray, thermo-forming recordings integrated into Hexapak Systems rotary stacking for volume reduction.**

### ADVANTAGES

- Light and strong
- Waterproof
- %100 Polypropylene
- Printable
- %100 recyclable
- Customized design
- Reusability
- High corrosion resistance
- High energy-absorption ability
- Eco-friendly
- Hygienic
- Producibility in requested dimension

Optional features on demand

- 1- UV-resistant,
- 2- Anti-static surface featured,
- 3- Inflammability feature,
- 4- Microporous surface,
- 5- Coronal surface for the print quality.
